water waste!

KITCHEN

- Turn the faucet off while washing dishes.
- Use water wisely while rinsing dishes.
- Operate a dishwasher only with a full load.
- Ask an adult to repair any leaky faucets.

BATHROOM

- Take short showers of 5 minutes or less.
- Turn the faucet off while brushing your teeth.
- Ask an adult about checking the toilet tank for leaks.
- Ask an adult about installing a low-water-use toilet.

COMMUNITY

- Talk with neighbors about how to conserve water.
- Use a bucket of water, instead of running the hose, to wash a car or pet.
- Use a broom, instead of the hose, to clean patios or walkways.
- Convert community fountains into interesting planter boxes.

YARD

- Landscape with native desert plants.
- Water plants during the night or early morning.
- Direct rain runoff toward trees and shrubs.
- Collect rainwater in a tank to water plants during dry periods.
